

## kayak as a couple

The Tobago is the kayak for all the family and all uses. Its ergonomic seating positions and well researched design provide for numerous possibilities of use: paddling alone, with 1 or 2 children, 2 adults, even 2 adults and 1 child. The fluid hull lines mean it's also well suited to sport kayaking, with the additional crew of your choice, all with maximum comfort and safety. It's a kayak that's fun, stable and fast.
