THE ADVENTURE KAYAK

The Kalao is a veritable 4x4 of the kayak world. Equally at ease on the sea or rivers, for trecking or for fishing, it really is the kayak for all adventures. Like all BIC Sport kayaks it features plenty of innovations. The largely flat hull design with very little water draught is extremely stable and allows the kayak to go almost anywhere. Its fluid, stable hull design makes it comfortable for two adults with their fishing gear to go kayaking in search of that perfect fishing spot or for three adults to go paddling together on a leisurely trip. Another asset the Kalao offers for fishing activities : an electric engine can be fitted on to it. Such aspects as storing your belongings while kayaking, as well as carrying and transporting your kayak have also received detailed attention.
This Fishing version of the Kalao has numerous additional features, including :
4 rod positions, 2 large watertight boxes, plenty of storage space...
And last but not least : it's unsinkable.

Fishing Backrests $129 ea
